Company Introduction

VIOS factory was founded in 2012 in Yueqing, Wenzhou, Zhejiang province, specialized in R&D, manufacturing and sales of various industrial sewing machines especially heavy duty, factory is awarded "Zhejiang Provincial Science and Technology Enterprise", "National High-tech Enterprise" and other honorary titles.

VIOS factory covers an area of over 8,000 square meters, integrating R&D, production, and domestic sales, equipped with the world first-class processing equipment, automatic&intelligent&precise machining centers and assembling lines. We produce over 95% spare parts including control system by ourselves. Relying on a strong R&D team, factory has successively obtained patents, software copyrights, and certification certificates more than 30 items.

VIOS has a professional overseas business team, show room and R&D dept., in Shanghai which is located in Lotus square Minhang Dist., VIOS can give partners high-quality, leading technology and sewing solutions, especially for automotive, upholstery, tent, bag, ect., industries.

VIOS brand has four series: 667, 867, 868, and 669, full series have been undergone 3 years of independent R&D, and 5 years market verification, nowadays VIOS has already broken the monopoly of foreign brands in the top lever on heavy duty sewing market. now VIOS has occupied over 60% domestic market for automotive and upholstery industry customers, such as JUJIN, LEAR, NOBO, MAGNA, CADIVITE and KUKA, QUANU, DERUCI, etc.,
